

Monocolor Pillow with Precious Moments Initials.

Photo of this gentle pillow has been emailed to us by Bobbie B. from Memphis. Bobbie, thank you for sharing your gorgeous creation! Bobbie used light green silk and matching green & pink trimming for sewing the pillow, and decorated it with initials from **Precious Moments alphabet**.

Bear in mind that such pillow in light pink tones can be an awesome present for baby shower, and done in white or cream color can serve as ring bearer pillow. You can add bride and groom initials, and even a wedding date!

Tips:

1. See how much the trimming adds to this project. It's so simple to do, yet so beautiful. Everything matches - the colors, the material. Be sure to find some nice trimming for your project - the key is that it should match the main fabric by color, and preferably fiber.
